The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

### **COUNTYWIDE CLASSIFICATION ACTIONS (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)**

#### **IT IS RECOMMENDED THAT YOUR BOARD:**

Approve the accompanying ordinance amending Title 6, Salaries, of the County Code to add four (4) new classifications, to change the titles of 18 non-represented classifications in the Chief Executive Office, to delete one (1) non-represented classification, to move two (2) classifications into MAPP, to reclassify 1,679 positions to implement the results of various classification studies, and to make technical corrections.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Your Board of Supervisors (Board) has requested submission of classification letters on a periodic basis throughout the year to facilitate consideration of classification recommendations in a timely manner. Approval of these recommendations will provide the ordinance authority for County departments to implement the classification recommendations in this letter.

*"To Enrich Lives Through Effective And Caring Service"*

These recommendations will ensure the proper classification and compensation of positions based upon the duties and responsibilities assigned to these jobs as performed by the incumbents (Attachments A, B, and C). This is a primary goal of the County's classification system and a means for the appropriate classification and compensation of the County workforce. Positions reclassified upward, downward and laterally are consistent with the class concepts of the proposed classifications. These actions are recommended based upon accepted principles of classification and are important in addressing departmental operational needs and in maintaining consistency in personnel practices throughout the County. The proper classification and compensation of positions and employees facilitates good business operations and can reduce the number of costly personnel-related problems.

#### Implementation of Strategic Plan Goals

Approval of the accompanying ordinance will further the County Strategic Plan, Workforce Excellence and Organization Effectiveness Goals, to improve the quality of the workforce, to achieve departmental operational needs, and to maintain consistency in personnel practices throughout the County.

#### New Classes

Four (4) classes are being recommended for establishment in the County Classification Plan (Attachment A). The Executive Assistant, Citizen's Economy and Efficiency Commission (UC) will direct the operations of the Economic and Efficiency Commission (Attachment B).

In conjunction with the ongoing implementation of the countywide Information Technology (IT) Occupational Study, the three (3) IT classifications encompass the highest level (non-managerial) technical work in the Operating Systems, Network Systems, and Information Systems series. The new classifications will have duties and responsibilities comparable in level and in scope to the existing principal level in the Application Developer series. It is anticipated that these new classes will facilitate the recruitment and retention of critical IT employees and reduce reliance upon contract IT personnel.

### Deleted Classes

We are recommending the deletion of 19 vacant and obsolete classifications (18 represented and one non-represented classification) from the County's Classification Plan (Attachment A). Class deletions are consistent with the Chief Executive Office's (CEO's) strategy to reduce the overall number of County classes. The affected departments have been informed of and have consented to the deletions.

### Title Changes

Title changes are being recommended for 18 CEO-specific classes to reflect the change in the department name (Attachment A).

### Additions to MAPP

We are recommending that the class of Chief Medical Examiner-Coroner, which is currently compensated under the Physician Pay Plan, become part of the Tier I Management Appraisal and Performance Plan (MAPP). This position will also be converted to an unclassified status and compensated as a County officer. In addition, we are recommending that the class of Chief Deputy Director, Health Services, Clinical and Medical Affairs become part of Tier I MAPP. In our judgment, a pay-for-performance plan is a more appropriate means of compensating both of these positions.

Placement of the current incumbents within the new MAPP ranges will be determined by the Chief Executive Office in accordance with the terms of the MAPP authorizing ordinance. Adjustments in actual salary will be made to the extent necessary to provide these individuals with appropriate adjustments commensurate with the adjustments received in 2007 by other MAPP participants.

### Reclassifications

There are 14 positions in seven (7) departments being recommended for reclassification as a result of individual position studies (Attachment B). The duties and responsibilities assigned to these positions have changed since the original allocations were made. The positions would be more appropriately classified to the recommended classes.

In addition, we are recommending that all ordinated Clerk positions (1,626) and Typist-Clerk positions (39) countywide be reclassified to the journey-level classifications of Intermediate Clerk and Intermediate Typist-Clerk, respectively (Attachment C). This will provide more flexibility to departments to address their clerical staffing needs.

### Technical Corrections

The salaries for two (2) non-represented classes and the effective dates for the new Respiratory Care Practitioner classes as adopted by your Board on April 3, 2007 and May 29, 2007, respectively are being amended to correct typographical errors (Attachment A).

### **FISCAL IMPACT/FINANCING**

The total projected budgeted cost resulting from these actions is approximately \$1.8 million (all funds) with net County cost estimated to be approximately \$500,000. Most of the costs are attributable to the Clerk and Typist-Clerk reclassifications (\$1.5 million total cost and \$300,000 net County cost). Cost increases associated with the upward reclassification actions and compensation changes will be absorbed within the Board's adopted budget for each affected department. No additional funding is required.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The County Charter authorizes the establishment and maintenance of "a classification plan and the classification of all positions." This responsibility is further delineated in Civil Service Rule 5.

Appropriate consultations have been conducted with the impacted employee organizations regarding the recommended classification actions. The accompanying ordinance implementing amendments to Title 6, Salaries, of the County Code has been approved as to form by County Counsel.

The Honorable Board of Supervisors  
November 6, 2007

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Your approval of these classification recommendations will enhance the operational effectiveness of the departments through proper classification of positions and employees.

Respectfully submitted,

WILLIAM T FUJIOKA  
Chief Executive Officer
